

CASSETTE 100 *for roller shades*

CASSETTE 100 *for roller shades*

CORDLESS

STANDARD

FEATURES AND BENEFITS OF CASSETTE 100

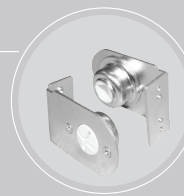

- Available on standard roller and cordless shades.
- Available in five colors; white, vanilla, bronze, black and silver.
- Colors match current Cassette 120 and fabric wrap bottomrails for easy coordination.
- **NEW!** Screw on end caps to prevent the end caps from falling off during shipping.
- Reduced face dimension of 2-3/4" is less obtrusive in the window.
- Fabric inserts into the headrail same as Cassette 120.
- Easier to install in smaller window openings than the Cassette 120.
- Uses existing R-8 or R-16 Cassette brackets.
- **NEW!** Side adjust or wheel adjust bracket for cordless option.
- Sleeker profile equals less cost to fabricate than the Cassette 120.
- Convenient pack size: packed 16ft per piece - 6 pieces per box (96ft).
