POLICIES & WARRANTIES

Sheer Fabric

Knitted fabric may experience minor weave variations due to heat, humidity and other room conditions. These variations can result in light bowing, puckering and dimpling of the material. This is considered normal and does not constitute a failure in either workmanship or materials. The possible variations are minor and have been shown through case study, not to detract from the beauty of the product.

Battery Operated Motorized

The manufacturer warrants its motors to be free from defects in material and workmanship under normal and proper use for a period of five years starting from the date stamped on the motor. Mechanical, electrical and electronic accessories are warranted for one year from date of invoice.

Limited Lifetime Warranty

The manufacturer warrants that Transitions/Visions will be free from defects in materials and workmanship for as long as the original purchaser owns the product, provided that the product was installed properly and in accordance with the installation instructions. This limited lifetime warranty is extended to the original purchaser only, in the original window for which it was intended. This warranty does not include any conditions or damages resulting from accidents, alterations, misuse, or failure to follow printed instructions on installation, cleaning and care, or repairs. This warranty also does not cover conditions resulting from normal wear and tear. Cords are considered a wearable part and carry a three year limited warranty. All fabric, including fabric vanes, panels, inserts, and shades carry a five year warranty. To obtain service, contact the dealer from whom you purchased the product. The manufacturer will work with the dealer to repair or replace defective parts or components with similar or like parts at no charge. **THIS WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER OBLIGATIONS, LIABILITIES OR WARRANTIES.** In no event shall Oxford House or its distributors

be liable for INCIDENTAL OR CONSEQUENTIAL DAMAGES, or for any other damage, loss or expense, cost or fee associated with such damage. In some states, exclusions for incidental or consequential damages are not allowable. This warranty gives you specific legal rights, and you may have additional rights that vary from state to state.

Conditions of Sale

All products are custom fabricated to your exact specifications. We cannot accept responsibility for errors in ordering or cancellations and changes after the order is in production.

Care and Cleaning

The soft, delicate feel of the fabric belies the durability of the material. It is made from a sturdy, knitted polyester fabric which can be feather dusted or vacuumed at a low setting. Spots or stains can be lightly rubbed clean with a damp sponge and mild soap. To avoid discoloration of the material, we recommend against the use of chemical cleaners. The sheer fabric may also be ultrasonically cleaned.

Important: Do not clean the fabric using electrostatic wipes such as Swiffer® or Pledge Grab-It®.

Our products are designed with child safety as a priority. To reduce the risk of strangulation, our fabrication methods incorporate features to comply with the current ANSI cord safety standard. Fabrication methods include tension devices.

Transitions/Visions Features & Benefits

The shade features two layers of fabric. The back moves independently of the front layer allowing the stripes to glide past each other creating an open and closed effect. This allows you to control the levels of light and privacy to suit your needs. In one continual movement the shade can be raised or fully closed for maximum privacy. All positions are operated by a single action, either with the manual chain or with motorization.

TRANSITIONS/VISIONS PRODUCT SPECIFICATIONS
